

## Lystloc Features

<b>1. Attendance :</b>	Daily attendance - with or without Geo Fence. Just a tap on Lystloc mobile app will mark your attendance "IN and OUT".
<b>2. Client Visits:</b>	Easy Check-in and Check-out during Customer/Client visits which captures location and duration of every visit.
<b>3. Meeting notes:</b>	Form fields can be used to collect information of all the meetings or services done by the workforce. These are customizable as per your needs.
<b>4. Waiting location:</b>	Analyze your workforce's waiting[Idle] location with time duration and convert them effectively into productive hours.
<b>5. Task Management:</b>	The Customer meeting or appointment are created as Tasks and assigned to the workforce with location.
<b>6. Play button:</b>	Visualize the workforce's entire route travelled in a day and locate him at any point of time in his work hours. Workforce's battery percentage, number of client visits, total working hours and distance travelled will be shown once you focus them in
<b>7. Reimbursement Management</b>	Submission and approval process for employee travel and related expenses.
<b>8. Automated Reports :</b>	Reports for attendance, distance traveled, idle time, and productivity—useful for payroll and operational insights.
